Game Loader**

Plus...

- *Cargo Carriers*
- *Trailer ATV Tie-Down*
- *Rack-n-Ramp*
- *Tow Bar Ball Mounts*
- *Dead-On Gun Rest*

...and much more!

Dear Customer,

It has been said that necessity is the mother of invention and this is exactly how my business got its start. An avid hunter, I use my ATV as a means of transportation when I am in the woods. To make the trip to my lease, I have always "carefully" strapped my 4-wheeler into the bed of my truck with what I believed to be durable straps.

A few years ago, I was making a trip to my lease when, much to my surprise, my straps worked loose and my 4-wheeler went crashing out of the back of my truck, rolling a distance down the road before coming to stop. Fortunately no one was behind me and what could have been a more horrible accident was averted.

It only took this one experience to motivate me to find a better way to secure my ATV. This is how I came to invent the LA Guard Dog ATV tie-downs; one for a truck and one for a trailer. I don't believe there is a faster, safer or more secure solution for transporting your ATV.

Since these initial products, we have designed and developed other new quality items which are displayed in this pamphlet. I invite you to review them and if you would like more information...visit our website...or, give us a call at 1-800-809-4118. I look forward to your call!

Sincerely,

Danny Weaver

President

ATV Tie-Down Devices

ATV Tie-Down

- 10X faster, 10X stronger than straps—secures 4-wheelers in seconds!
- More Universal—fits 95% of Truck/ATV combos.
- Eliminates cumbersome straps.
- Protects ATV from entering truck cab in an accident.
- Deters theft of 4-wheelers and ramps *(with optional hitch and pin locks)*
- Built in, 2" Class 1 hitch receiver—ideal for pulling a small trailer.
- Rated 2,000 lb towing weight and 250 lb tongue weight.
- Designed to fit any truck with a 2" square receiver.
- Prevents forward, backward, and side movement.
- It can be purchased with or without a Slack-n-Ator wedge insert that will also eliminate all slack when inserted into your truck receiver.
- When your ATV is in use, ramps can be secured by putting the upright arm through the ramps and placing a lock through the bottom of the arm. While hauling your ATV, ramps are held in place by it beneath the ATV.

ATV Tie-Down LGD-30-U

ATV Tie-Down with Slack-n-Ator LGD-30-U-SLK

Saf-T-Ramp Bar

- Can hook ramps on this instead of tailgate.
- Adjusts to fit all ramps.
- No cables needed!
- Also can be used as a tailgate extension—has tie down hoops that are handy when hauling long material.

Saf-T-Ramp Bar SFT-BR

Trailer ATV Tie-Down

- Eliminates cumbersome straps. *(Because a trailer has more sway/movement you may want to put one strap on front.)*
- Provides security and prevents forward and backward movement.
- Takes up very little floor space.
- Comes with bolts for steel or wood trailer.
- Saves time—secures 4-wheelers in seconds.
- Deters theft of 4-wheelers *(with optional hitch and pin locks)*.
- When not in use, simply remove the upright arm, leaving only the one-inch plate attached to the floor of the trailer. Therefore, your trailer will not be restricted from other uses.

Trailer ATV Tie-Down LGD-TRL-16

ATV Accessories

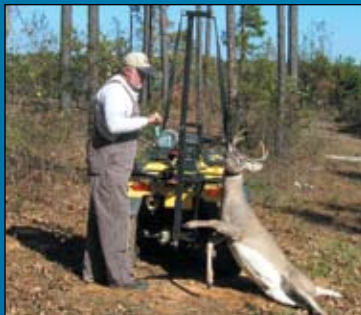

Tilt-n-Tote Game Loader

- No longer do you need anyone to help you load your game onto your ATV. It can be secured to the front or rear rack of your ATV for easy loading, dressing and transport.
- Once loaded—in horizontal position—you can strap and haul
- Hoist game with winch and winch strap; has telescoping arm for height.
- Line up game with cradle, tilt to horizontal position for field dressing.
- Comes with winch and strap.
- Use it with the 2" Truck Adaptor to transfer from your ATV to any truck or SUV.

Tilt-n-Tote Game Loader..... TNT-DR-LDR

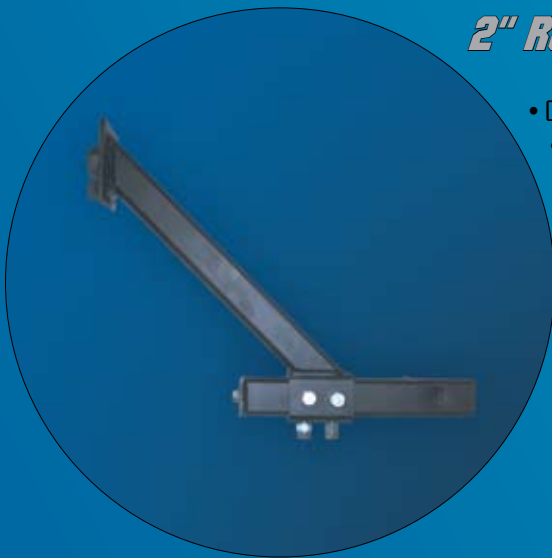

Shown below: Once the Tilt-n-Tote Game Loader is in the locked vertical position, you can extend the strap out and hoist the game 6 to 8 feet off the ground using a 1200-pound winch. You can use the strap and winch to hold the game in place while you transport it. Suggestion: Keep your campsite clean by field dressing away from camp.

2" Receiver Hitch Adapter

- Converts the Tilt-n-Tote Game Loader to fit RTVs, trucks, etc.
- Adapter fits all ATVs, UTVs, trucks, or anything with a standard 2" receiver hitch.
- Contains Slack-n-Ator for elimination of all hitch rattle and slack.
- Can transport game outside of truck bed, allowing truck to stay clean.

2" Receiver Hitch Adapter..... TNT-DR-TRK

What is a Slack-n-Ator? Each product that installs into the receiver has a special device built in that takes all the slack and rattle out.

ATV Accessories

Rack-n-Ramp with Slack-n-Ator

- Use as ramps for uploading, then convert the ramps to a cargo carrier.
- 5" side rails for easy and safe loading.
- Load capacity of 1,200 lbs.
- Cargo carrier measures 24" x 48".
- Receiver arm has built-in Slack-n-Ator device, creating a rigid fit.

Ramps convert to cargo carrier.

Rack-n-Ramp with Slack-n-Ator LGD-RCK-RMP

Towing Accessories

Tow Bar Ball Mounts with Slack-n-Ator

- This amazing tow bar comes with a patented Slack-n-Ator wedge insert that totally eliminates the slack and rattle common with most standards. It provides a smooth, rigid fit.
- Comes with wrench like tool for tightening Slack-n-Ator bolt on front of ball mount.
- No slack! No rattle!
- V-Class Rating: 6,500 lbs.
- Five drops/rises available.
- Constructed of heavy duty steel, for 2" receiver, 2" ball *(not included)*.

Tow Bar Ball Mount with 3" Drop, 1 1/4" Rise

Tow Bar Ball Mount with Slack-n-Ator, 2" Drop, 3/4" Rise SLK-2
 Tow Bar Ball Mount with Slack-n-Ator, 3" Drop, 1 3/4" Rise SLK-3
 Tow Bar Ball Mount with Slack-n-Ator, 5" Drop, 3 3/4" Rise SLK-5
 Tow Bar Ball Mount with Slack-n-Ator, 7" Drop, 5 3/4" Rise SLK-7
 Tow Bar Ball Mount with Slack-n-Ator, 10" Drop, 9" Rise SLK-10

ATV 2" Ball Mount

ATV Ball Mount with Slack-n-Ator

- Ball mount hitches have a built-in patent pending slack removing device that restricts all receiver movement.
- Comes with wrench like tool for tightening Slack-n-Ator bolt on front of ball mount.
- No slack! No rattle!
- 1 1/4" and 2" ATV Ball Mounts both come with welded-on tow loop.
- Fits 2" receiver; ball not included.

ATV Receiver Adapter

ATV 2" Ball Mount with Slack-n-Ator ATV-BM2
 ATV 1 1/4" Ball Mount with Slack-n-Ator ATV-BM125
 ATV 1 1/4" to 2" Receiver Adapter with Slack-n-Ator ATV-CV

Cargo Carriers

Cargo Carrier with Slack-n-Ator

- Constructed of heavy duty steel, with Slack-n-Ator wedge insert that totally eliminates the wobble common in most carriers to create a rigid fit.
- Easy on, easy off!
- Cargo Carriers come in three sizes: 20" x 60", 24" x 60", and 24" x 48".
- Welded rails provide convenient place to tie down cargo.
- Utilize Slack-n-Ator device to restrict all movement and rattling by simply turning T-Handle *(no wrenches required)*.
- Cargo Carrier's Weight Rating is 750 lbs *(DO NOT exceed standard hitch Weight Rating)*.

Standard Cargo Carrier with Slack-n-Ator, 20" x 60" SLK-CR2060

Useful with trucks and mid-size to large SUVs.

Magnum Cargo Carrier with Slack-n-Ator, 24" x 60" SLK-CR2460

Well-designed for large loads and RVs.

Mini Cargo Carrier with Slack-n-Ator, 24" x 48" SLK-CR2448

Practical for Jeeps and small SUVs.

Pack-n-Rack Cargo Carrier

- Heavy duty black plastic storage.
- Inside dry storage with keyed lock.
- Exterior has secondary rack on top!
- Pack-n-Rack measures 37" x 21" x 20" *(50 gallons)*.
- Pack-n-Rack load capacity is 300 lbs, and exterior rack load capacity is 200 lbs.

Pack-n-Rack Cargo Carrier SLK-PNR

Double Pack-n-Rack Cargo Carrier SLK-DBLPNR

Adjustable 2" Receiver Extension RCV-EXT

Shown at left: Pack-n-Rack Cargo Carrier swings 180° away from vehicle to allow access to vehicle without removing carrier.

Shown below: Double Pack-n-Rack Cargo Carrier storage containers.

Additional Products

Dead-On Gun Rest

- Mounts to deer stand wall.
- Fits in a 4' x 4' stand.
- Navigates to shoot in all four directions.
- Supports and steadies gun for a "dead-on" shot.
- Super easy to install and use.
- Customer quote: "This is like having a bench rest inside your box blind."

Shown below: Dead-On Gun Rest can be rotated to allow use in all directions.

Dead-On Gun Rest..... LGD-DGR

Keyed Alike Lock Set

- For securing devices.
